

CONCEPT BRIEF
• ALSERKAL AVENUE

CONCEPT BRIEF • A REDLN VENTURE • PREPARED FOR ALSERKAL AVENUE

THE REGION'S FIRST COMPETITIVE FITNESS CLUB.

REDLN is where everyday athletes race head-to-head on ergs — solo or in teams of four, across a season — on the floor of the **DXB Race-haus**, our custom-built arena. Named for the redline: the moment before your body quits, and the line you're built to cross. Race days run as a live production powered by **Redline CORE™**, alongside coached classes, a café and a store year-round. **Train, compete, repeat.**

TRAIN / COMPETE / REPEAT

The REDLN loop — immersive coached classes year-round for every level, chip-timed season races on the floor of the **DXB Race-haus**, and a home in **Dubai** you keep coming back to.

BUILT IN DUBAI • MADE TO DUBAI-IT

Born in the city that turned its own name into a verb — to *Dubai-it* is to do the extraordinary, with excellence, in record time. Homegrown, not franchised — and proud of it.

A GYM YOU DON'T JUST JOIN. ONE YOU **COMPETE IN.**

Boutique studios sell the workout. Commercial gyms sell access. Neither sells the thing people actually want to be part of — **the competition, the leaderboard, the team, the belonging.**

REDLN makes competition the product, and makes it available every single day. We take the race format and give it a permanent home — a venue engineered around the race, with live scoring, seasons, leaderboards, coached preparation and a spectator floor. Not another boutique studio, not another commercial gym: **a new category — the Competitive Fitness Club.**

FOUR SIDES. ONE ARENA.

Everything shares one competition floor and one community, so each side feeds the others — races bring people in, coached classes keep them, and the café and store make the most of the time they already spend on site.

01 • RACES

COMPETITION & EVENTS

Chip-timed season races on the DXB Racehaus floor — solo or teams of four — run as a live production with spectators. The brand engine, and the reason the category exists.

02 • TRAINING

COACHED CLASSES

Immersive coached classes year-round for every level, programmed in seasons and ranked on the leaderboard. The everyday habit that prepares members for the race.

03 • F&B

THE CAFÉ

Coffee, shakes and recovery — a reason to arrive early and stay late, turning time on site into everyday energy.

04 • RETAIL

THE STORE

Performance apparel and gear that lets members wear the badge outside the venue — a walking brand billboard.

The glue: the permanent competition floor with live scoring, seasons and leaderboards is the stage all four share. Members join teams; teams compete across seasons. You don't quit mid-season, and you don't quit on your team.

BUILT LIKE A VENUE. RUN LIKE A **SPORT**.

REDLN is designed to be felt the moment you walk in — raw, industrial and cinematic, closer to a concert floor than a fitness studio. Race days run as a live production: a DJ, a crowd in the stands, lights and haze over the lanes, and every athlete brought to life by **Redline CORE™**. That experience is exactly why the right building matters.

BUILDING

INDUSTRIAL CHARACTER

A warehouse or industrial shell — raw concrete, exposed structure, real volume. We amplify the space, not fight it.

HEIGHT

CLEAR CEILING HEIGHT

Generous head height for truss rigging, lighting and production over the racing lanes.

STRUCTURE

OPEN CLEAR SPAN

A column-light hall so lanes, training and a spectator floor sit under one uninterrupted roof.

POWER

CAPACITY FOR PRODUCTION

Electrical capacity for AV, lighting and event nights.

ACCESS

LOAD-IN & PARKING

Room to load in event kit, and visitor parking nearby for members and spectators.

FRONTAGE

PRESENCE

A frontage we can brand — an athlete entrance that reads as an arena, not a unit.

Exact sizing is flexible — we shape the fit-out to the unit. The priorities are **volume** [height], **openness** [clear span] and **character**.

THE RIGHT BUILDING. THE RIGHT CROWD.

THE SPACE

THE ARCHITECTURE TELLS OUR STORY

Converted warehouses, raw concrete and volume are the exact canvas REDLN is designed for. No need to fake industrial character – it's already there.

THE PEOPLE

A COMMUNITY THAT MATCHES OURS

Alserkal draws a design-led, active, socially engaged audience – precisely the members who pay for a premium, experiential concept and share it.

THE PULL

A DESTINATION, NOT FOOTFALL

REDLN is a place people travel to. Alserkal's identity as a cultural destination fits a brand built on events, seasons and reasons to gather.

THE MIX

A TENANT THAT ADDS TO IT

Sport, culture and community under one roof – a new kind of anchor that complements the galleries, studios and F&B already on the Avenue.

LET'S FIND OUR HOME.

We noticed Alserkal Avenue has units available, and it's the first place we picture REDLN. We'd welcome the chance to explore them with you.

WHAT WE'D LOVE TO KNOW

A CONVERSATION & A VIEWING

- Which units are currently available – sizes and ceiling heights.
- Indicative rent and available lease terms.
- An opportunity to view the space and discuss fit-out.
